General Relativity
Einstein’s brilliant theory of general relativity starts with the field equations). <div>$G_{\mu\nu} + \Lambda g_{\mu\nu} = \kappa T_{\mu\nu}$</div>
However, they have nothing to do with doves.

Col1

Peace be with you
Figure 1: ‘Doves [...] are used in many settings as symbols of peace, freedom or love. Doves appear in the symbolism of Judaism, Christianity, Islam and paganism, and of both military and pacifist groups.’

Another one
We are peaceful doves.

Col2

Third Column

Col3
This will be very very large!
